

620.033.082

General information

Battery name	620.033.082
Product Range	120M
European Type No. (ETN)	620.033.082
Polarity	DX
Technology	Flooded
Application	SLI
Standard ref.	EN 50342-1

Battery with low self-discharge and maintenance-free thanks to the use of Ca/Ca technology in the production of the plates. High resistance to vibrations and stress. The HD* version boasts outstanding resistance to charge/discharge cycles.

General characteristics

Voltage (V)	12
Capacity 20h (Ah)	120
Cold cranking Amps (CCA), EN (A)	820
Energy at 20hrs rate and 25C (Wh)	1,434
Cranking Power 10" at -18°C (KW)	6,4

Dimensional group	
Sizes (LxWxH) (mm)	510 x 175 x 225
Base Hold-Down	B3
Lay-out/Terminals	4 / 1
Battery weight ± 5% (kg)	32,6

Box

Case	PP/PE
Lid	PP/PE
Plug	PP/PE

Colour	Black
Colour	Black
Colour	Black
